PRACTICE UPDATE

COVID-19 UPDATE

We are very pleased that the COVID restrictions are starting to ease and hopefully starting to see a way forward. At the moment, our practice COVID guidelines will stay in place until we are told otherwise.

Please respect our guidelines in practice and follow social distancing, wearing a mask when in public areas such as waiting rooms/corridors.

Please use the hand sanitiser in the porch before entering the practice .

Our Hygiene Therapist Brooke is now on her maternity leave. We hope she enjoys every moment of her baby break. Whilst she is away, we have Emmie and Lauren covering for our hygiene appointments, along side Lorraine and Mayzakia.

We welcome Jo, our receptionist, back this month after her maternity leave. Thank you to Amna who has been a big help on reception!

REFER A FRIEND — AND BE REWARDED —

We need more patients like you! If a friend quotes your name when booking a 'new patient examination' you will receive a £5 gift voucher.

If you were happy with your recent visit, please can you leave a review on one of our pages?

Have you heard of Air-Flow?

Air-Flow is an aesthetic polishing which gives you a fresh, clean, dazzling smile in minutes!

Air-Flow uses a spray of air, polishing powder and a gentle jet stream of water to remove surface stains caused by tobacco, food and drink etc. You will immediately see and feel the difference. It is kind to the tooth surface and will significantly improve tooth brightness.

Get that smile you've always wanted!

We offer two bespoke safe, affordable and effective methods to make your teeth whiter and improve your confidence.
