

TIMPERLEY DENTAL

NEWSLETTER - JUNE 23

Welcome to our June newsletter! We have had a very busy May and cannot believe we are now half way through the year. As the days grow longer and the warmth of summer approaches, we have plenty of exciting updates and announcements to share with you. Let's dive right in!

Did you know we can take a 3D scan of your teeth? The scanner eliminates the need for traditional impression materials, such as putty or alginate, which can be uncomfortable for patients. It can also provide you with a glimpse of your future smile even before the treatment starts, we can then use the scan to create a personalised treatment plan tailored to you.

I had the Invisalign and I've been so pleased with the service that I have received. Jade has been wonderful giving full explanations and lots of support. Vijay and Emma have been so kind and professional during the process, I couldn't ask for a more excellent dentist and they have such a wide range of additional options to choose from. Overall brilliant. Thank you

CASE OF THE MONTH

Say goodbye to traditional braces and embrace the discreet and comfortable way to straighten your teeth with Invisalign! Small changes can make the biggest difference especially when it comes to your smile! This treatment was achieved in 24 weeks by Dr Rob Trem.

Book in for your FREE Invisalign Consultation today.

THE INSIDE SCOOP

Timperley Village
Dental Practice

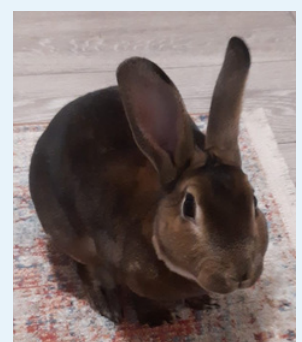

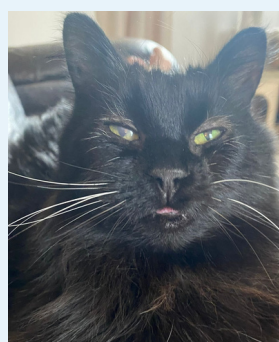

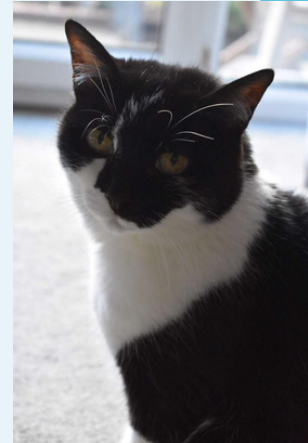

Vijay completed the Manchester 10k and the Quarry Bank 10k last month, 2 10k runs in 3 days!
Well done Vijay!

He is still raising money for The Wellspring Charity in Stockport. He would really appreciate any donations on his just giving page or for our food bank which is located at reception. Thank you all for your support.

WHOSE PET IS THIS?

Can you guess who the pet belongs to? Take a look on our Facebook page to cast your votes and find out the answers!

AIRFLOW

Timperley Village
Dental Practice

Airflow is a professional stain removal system that uses a combination of jet water, air and sodium bicarbonate to provide a first-class clean!

Benefits of Airflow treatment:

- The most effective way of removing staining from your teeth
- It is pain free!
- It can improve the efficiency of teeth whitening
- Airflow gently cleans around implants, crowns and veneers
- Immediate results

Keep your smile shining with Airflow!

If you would like to add our Airflow treatment on to your routine hygiene visit for only an extra £10, please call and let reception know.

What does the dentist of the year get?... A little plaque!

MEET THE TEAM

Siobhan qualified as a dental nurse at Manchester Dental Hospital in 2019 and joined us in August 2020.

Some fun facts about Siobhan:

- She has a cat called Banana!
- She is very scared of heights!
- Her favourite food is Mexican, especially fajitas and nachos!
